1. The walk starts at the junction of Hill Farm Road and Church Road in Playford following the beautiful Fynn Valley Walk. Walk away from the village along Hill Farm Road for approximately 80m then take the obvious and signed footpath to the left that rises above the road and farm buildings. Continue along this well signed and defined path through open fields until reaching Little Bealings. (1.0km)
2. On reaching the tarmac road of Sandy Lane follow this to the right until reaching The Street adjacent to the old Admiral's Head Public House. (At this point it is possible to follow the alternative route to The Turks Head as described in Walk J). Turn left along the road to the next junction, just prior to the Village Hall, turn left into Holly Lane where a footpath sign can be found on the right after a short distance. (530m)
3. After leaving the road take the footpath that goes diagonally left across the middle of the field eventually descending to wood land and meadows. Continue to follow the signed and well defined footpath through a series a gates and fields until reaching Boot Street at Great Bealings adjacent to the River Lark bridge. (880m)
4. At the road turn left along Boot Street for a short distance then take the signed footpath on the right. Follow this path through fields and meadows. As you pass along this path you will have water meadows and woods on your right until reaching The Driftway at Grundisburgh. (1.17km)
5. On entering The Driftway continue forwards to Lower Road where you turn left towards the village, after 280m turn right into Chapel Lane where at the top you join Chapel Road continue straight on passing the Chapel on your right. After some distance, you will locate Half Moon Lane on your right take this road all the way to its junction with B 1079 Woodbridge Road. Cross the road onto the pavement and turn right for a short distance, then into a cul de sac that will be on your left. (1.32km)
6. Take the footpath on the right immediately prior to the last house. After going through a short fenced path, you emerge onto farmland. Keep to the left side of the field adjacent to the hedge until meeting with the River Lark. (480m)
7. Continue along the side of the river, over a bridge until meeting Mill Lane, turn left along the road until the junction with Watery Lane. (840m)
8. At the road junction take the footpath across the field on your right directly to the nearest corner of the opposite hedge. Follow the hedge to the left for a short distance passing over a small bridge and through a gate. Keeping close to the hedge now on your left walk through two paddocks and associated gates. Eventually reaching water meadows. (360m)
9. Continue through the water meadow keeping the hedge on your left until reaching a small stream. Take the path between stream and hedge, putting the stream on your right. Continue until reaching the road. (320m)
